

INDUSTRIAL

With over 30 years of electronics manufacturing and material services experience, Vexos has a reputation for delivering reliable, quality solutions for the most demanding industries. Our quality focused teams work together with Industrial equipment manufacturers to ensure their products meet the most stringent industry requirements.

Whether full turnkey complex systems or high level electro-mechanical assemblies, Vexos is uniquely positioned to provide flexible and adaptable solutions from NPI to full production, and product transition to next generation production.

SAMPLING OF PRODUCTS

- Electrical test equipment and measuring instruments
- High speed vision inspection equipment
- Electric and industrial vehicle charging systems
- Vehicle service diagnostic tools
- Smart grid infrastructure
- Control systems
- Plasma lighting products
- Water treatment systems
- Passport scanners
- Environmental monitoring equipment

The Power of a Strong Partner

- Full-service EMS provider specializing in high-mix, low- to mid-volume programs
- 30+ years of electronics manufacturing experience
- Exceptional quality assurance and certifications
- Unique global footprint to match your manufacturing requirements
- Flexibility to expand as your program grows

Services and Solutions

- Printed circuit board assembly
- Value Engineering Services (DFx)
- Rapid prototyping
- LCD display
- SMT assembly
- Cable assembly
- Electro-mechanical: silicone keypads and assemblies, membrane switches, metal fabrication, plating and surface finishes
- PCB: flexible circuits, rigid circuits and rigid-flex
- Custom plastics
- Final test
- Wireless technologies: RF, GPS, Satellite, Wi-Fi and others
- Detailed box-build/systems assembly
- Supply chain and logistics management
- Aftermarket repair and support
