FLEXIBLE, FULL-SERVICE PROVIDER OF ELECTRONIC MANUFACTURING AND MATERIAL SERVICES

With over 25 years of manufacturing experience, Vexos offers a wide range of EMS services including NPI, rapid prototyping, PCB assembly, test development, complete box-build, logistics and repair solutions; as well as material services such as PCBs, plastics, metals, and electro-mechanical components.

Vexos production facilities meet strict quality standards and are certified to industry certifications including ISO 9001:2015, ISO 13485:2016, ISO 14001:2015 and IATF 16949:2016. All our facilities are equipped with automated high speed, high volume, multiple surface mount assembly lines capable of producing the simplest, to the most complex design with various surface finishes and mixed material compositions. Located globally, customers have the ability to develop effective supply chain strategies and leverage benefits associated with cost control and volume demand.
